

HALGURD

COMPANY PROFILE

Exellence...

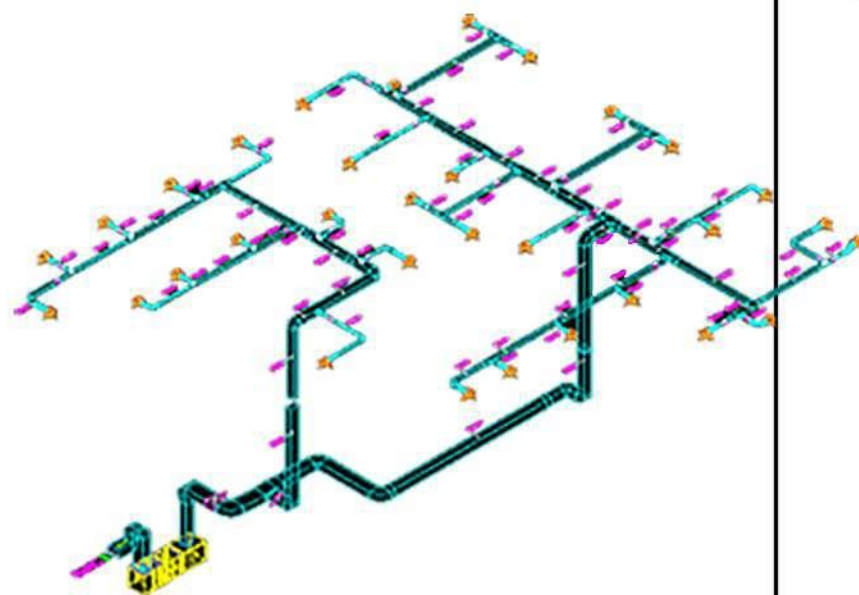

Introduction

Halgurd Company was established in 2007 in Erbil, Kurdistan as a general contracting company. Due to the needs of our Clients; it became necessary to broaden the services that could be provided by Halgurd as to offer multi-disciplinary engineering services.

Halgurd has continued to strive towards becoming a complete multi-disciplinary practise offering our clients the specialist individual attention and solutions required by an ever-changing project environment. Halgurd sees teamwork in every project as the key success element and working to create this environment. The over-all project planning and execution is duty-bound in ensuring efficient and regular communication to all stakeholders and at all levels.

Halgurd believes in a hands-on approach on all projects. Halgurd is equipped with the latest technology and has experienced staff and resources to ensure the best professional service at all times.

Vision

Our vision is to grow our multi-disciplinary team in order to offer a broad spectrum of specialist Engineering services to become our Clients' preferred Professional Service Provider choice through excellence and efficiency in all aspects of the project life cycle. Whether it is a building project, civil or MEP engineering project, or implementation of a project management system, Halgurd is a leading practice that will exceed expectations and set new standards!

Mission Statement:

Our Mission is to offer excellent service in each of our professional disciplines, in accordance with statutory practices, codes of conduct and integrity, thereby developing our team and providing a leading platform for which to service the built environment and in particular, our valued Clients.
